

First Coast Expressway (State Road 23)

Public Information Meeting

I-95 in St. Johns County to Blanding Blvd. (SR 21) in Clay County

Financial Project Numbers: 422938-2 & 422938-3

FDOT is hosting an informal Open House (no presentation) to present updates about the southern section of the First Coast Expressway (SR 23). ***Updates include changes to the US 17 interchange and other modifications in the Green Cove Springs area.***

Project Description

The project limits for this section are from I-95 in St. Johns County to Blanding Blvd (SR 21) in Clay County. This section is currently in the design phase. Proposed improvements include the following:

- A multi-lane divided expressway from I-95 to Blanding Blvd.
- A new bridge over the St. Johns River south of the existing Shands Bridge.
- Drainage ponds.
- Automated tolling facilities for electronically paid tolls (SunPass).

Project Overview

The First Coast Expressway is a new multi-lane limited access toll facility that will eventually connect I-95 in northern St. Johns County to I-10 in western Duval County. The northern section from Blanding Boulevard (SR 21) in Clay County to I-10 in Duval County is currently under construction and is scheduled for completion in Summer 2016. Construction is also underway on the First Coast Expressway extension from I-10 to Beaver Street (US 90). Estimated completion for the extension section is Spring 2018.
